

Choosing an Internship

- Obtain the internship position announcements and read through them.
- Think about what you want to achieve through your internship experience.

for example...

- Will the internship help you realize your future career goals?
 - What practical experience do you want to gain?
 - What kind of working environment do you prefer?
 - In which discipline (e.g., economics, psychology...) would you like to do your internship?
- Talk with professors, classmates, academic advisors, and career advisors about your goals and what internships might be a good choice.
